

PROGRAM PROPOSAL
SF State Scholars Program
(Bachelor's and Master's Blended Program)

The SF State Scholar Program in Spanish is designed for motivated undergraduate Spanish majors who wish to complete both their Bachelor's and Master's degrees within a five year timeframe. Those accepted into the program enroll in graduate-level classes starting in their senior year, thereby shortening time to graduate degree completion. The Master's curriculum includes core and elective courses in literature, pedagogy, and research methodology.

1. B.A. portion

The majority of students enrolled in the Spanish B.A. program come to SFSU with prior language experience and rarely begin study at the 101 level. The Spanish program thus assumes students pursuing a blended B.A./M.A. in Spanish will begin study at least at the Intermediate level.
